### Week of 08/27

We finished our SECOND week of school!

#### HIP HIP HOORAY!

It has been another amazing week getting to know your children. Our focus this week was on the subject contents and the expectations that come from them.

In Math, we worked on our computation skills. Computation skills are the basis of a successful mathematician! Students were challenged with Math Squares to compute three or four digit addition and subtraction problems! They did a great job!

Students met their Kindergarten Buddies! We even sat with them at Mass on Thursday!

Something very exciting happened this week.... The students received a school email! Each child received a Saint Mary e-mail which will allow them to have full access to the Chromebooks and so much more. Coming home is directions on how to find assignments on Study Island. Please read through it and if you have any questions, please contact me!

We also took some time this afternoon to talk about Labor Day, ask your child what they learned!

### Reminders for All

Mass is on Thursday at 10:30 am. Feel free to join us as we celebrate the Eucharist!

Every student has access to Study Island and Moby Max. These are a great tool to use when one has free time!

The weather is starting to dance, so bring appropriate gear, just in case of a chill is not a bad idea!

Virtue of the Month:

## Patience

*Be always humble, gentle, and patient. Show your love by being tolerant with one another.*

*(Ephesians 4:2)*

*"MADE FOR HAPPINESS will be an historic event in our diocese and it is my hope that it will inspire attendees to more deeply embrace their true identities as daughters and sons of God and, as a result, share the Gospel of Jesus Christ more freely and joyfully with those around them. Please join me, all the clergy and thousands of others from around our diocese for this defining moment in our Church!" - Bishop Boyea*

*It is completely FREE! On September 22<sup>nd</sup>!*
